Smart. Simple. Secure. Real Estate Access.

Master Lock, the industry's security leader for more than 95 years, is changing the way real estate associations and agents securely manage property access.

Our new Master Lock® Vault Enterprise solution integrates industry-leading software and *Bluetooth*® enabled lock boxes to provide a simple and convenient way to grant access and improve security, while eliminating long-term contracts and ongoing fees. Associations and agents benefit from improving the uniformity of listings, enhancing their business' reputation for service and innovation, all at a lower cost.

- Share access quickly and easily with showing agents and trusted partners—contractors, inspectors and homeowners
- Conveniently schedule temporary, permanent or future access
- View history to know who has visited a property and when
- Improve efficiency, save time and eliminate ongoing expenses
- Integrates with ShowingTime®, the real estate industry's leading showing management technology provider (nominal ShowingTime service fees may apply)
