## GBREB and uAspire College-to-Career Initiative

Beginning the spring of 2015, the Greater Boston Real Estate Board (GBREB), in partnership with uAspire, embarked on a vision to make a \$1 million commitment to the students of Greater Boston over the next four years. The initiative aims to help students address the issue of college affordability and through the GBREB Foundation Scholarship Fund, attract, retain and grow a strengthened and more diverse of group future real estate industry professionals.

The initiative has three core components:

### GBREB Foundation Scholarship Fund

Since 2012, GBREB has raised funding to provide “last-dollar” scholarship assistance to low income youth across Greater Boston. Since the inception of the scholarship over five years ago, GBREB has raised and distributed over \$950,000 to help over 130 youth from the region pursue a postsecondary education. Applicants for the scholarship must reside in one of the 62 cities and towns in GBREB’s service area and are selected based on Demonstrated Academic Achievement, Leadership Experience and Extra-Curricular Involvement, Demonstrated Financial Need and a Short Answer Response and Essay. Through the College-to-Career Initiative, GBREB hopes to expand the pool of resources available to applicants.

### uAspire

Since the scholarship’s inception, GBREB has partnered with uAspire—a Boston-based, national organization expert in the field of college affordability advising—to administer the scholarship selection and award process. This year, in addition to providing scholarship assistance, the College-to-Career Initiative will help more students from the City of Boston receive uAspire’s free financial aid advising services, which include a financial planning session, submission of their FAFSA form and a critical review of their financial aid award packages to empower them with the information and resources necessary to minimize debt obligations to make a college degree a reality. uAspire Massachusetts serves over 8,000 students and families yearly.

### Student Internship and Mentorship Opportunities

GBREB is working with members to provide paid, summer internship opportunities for recipients of the GBREB Foundation Scholarship to help students consider future careers in the real estate industry. Driven by a desire to cultivate a more diverse generation of real estate professionals in Greater Boston, GBREB and participating members will provide 6-8 week internships during the summer of 2018 where each intern will be connected with a “mentor” at each company, who will meet with the student throughout the summer and into the school year to support their ongoing personal and academic success.

All funds for the College-to-Career Initiative will be raised through the Fourth Annual GBREB Foundation Scholarship Leadership Breakfast to be held on June 12, 2018.
