

Hunneman is looking to add a Research Analyst Intern for the Fall Semester. The intern will work alongside the Research Department and will get exposure to all facets of a full service Commercial Real Estate Brokerage firm. This is an exciting opportunity for anyone interested in a career in CRE and to join an organization that will provide opportunities for growth in the future.

### **About Hunneman**

At Hunneman, our approach is simple. We care more about each of our valued clients and that care is shown through a deep understanding of your business goals and a customized solution to transform difficult challenges into opportunities for success through a full range of real estate brokerage, leasing investment sales and management services. At Hunneman, you are not just a face in the crowd – you are treated like family. Founded in Boston in 1929, we helped shape New England into the epicenter of manufacturing, technology and innovation we see today. As the largest independently owned firm in the region, we combine decades of experience with cutting edge strategies that are designed not only to meet our clients' expectations, but to exceed them at every level here in New England, as well as 400 additional markets throughout the United States and around the world.

### **Description**

- Supports the brokerage operation with customized market statistics, pitch material and economic reports.
- Chance to learn about all Commercial Real Estate asset types.
- Supports Research Department by assisting in the day to day operations including data collection and maintenance.
- Helps produce interactive maps, reports, and presentations that bring research content and real estate data to life.
- Exposure to CoStar, GIS mapping software and Stata.

### **Desired Qualifications**

- Working towards a Bachelor's Degree in a related field; preferably in Economics, Real Estate, Finance or Statistics.
- Outstanding written and oral communication skills and the ability to work independently as well as collaboratively.
- Strong organizational, analytic, and quantitative skills.

- Proficient with Microsoft Excel, Word and PowerPoint.
- Working knowledge of Stata is a plus but not required.
- Interest in Commercial Real Estate.

The internship will be a compensated Hourly Non-Exempt and are eligible for class credit.

All interested candidates should send a resume to:
